English Learning Camp

Redding, California

July 12-July 31, 2019

An opportunity for an extraordinary
experience in English!

Introduction

Footsteps is a U.S. based organization of service minded individuals who go around the world to help meet the real needs of real people. Footsteps is a registered U.S. non-profit organization. Over the years, Footsteps has developed ESL Camps that provide quality education and fun activities to teach and challenge students in their English speaking skills. Our camps have taken place in Malaysia, Taiwan, China, Korea, and Romania with great success and have created memories that will not be easily forgotten. Over the course of three weeks, students will have the opportunity to be immersed in English, gain confidence in speaking English conversationally, learn about the American culture, and make lasting friendships.

Footsteps Philosophy

One of the primary focuses of Footsteps' program is to encourage students to practice and use their language skills verbally. In order to accomplish this, Footsteps uses a unique approach where teachers are encouraged to develop friendships with the students and interact with them in a variety of different classes and activities throughout the camp. As a result, we find that students improve dramatically in their use of conversational English.

The Footsteps Team

Footsteps teams are made up of a variety of backgrounds all focused on helping students to improve their English. Many are credentialed teachers and others have unique skills they add to make a dynamic camp experience. Some are proficient in music, cooking, sports, science, drama, crafts, activities, art, simulations and other areas of expertise. All are prepared by trainers before coming to the camp. For more information on our teachers go to:

www.footstepsesl.org

Come create with us with our exciting theme:

Redding, CA ESL Camp

The camp is filled with all sorts of exciting learning experiences including home stays with American families, American students that join camp to help the international students practice their English, Pine Wood Derby car building and racing, a tour of the iconic city of San Francisco, and a great time at a 5 day outdoor adventure camp high in the beautiful Cascade mountains with American students. For a more detailed schedule, please visit our website at:

www.footstepsesl.org

Facilities: Camp is based in Redding - a sunny town on the Sacramento River near many lakes. In this suburban setting students enjoy modern classrooms in a community facility.
